DAN WINTER LECTURE SERIES INCLUDES:

- Scientific Understanding of the Meaning of the Holy Grail.
- The visual, mythologic and religious origins of the Holy Grail.
- How and why the Holy Grail came to be located in the South of France.
- Why Rennes Le Chateaux and all the regional magnetics were profoundly manipulated to be Five-Sided/Pentangle.
- How this compression symmetry creates fertility, biologic vitality, feeds DNA, and ultimately enables bliss and lucid dreaming.
- How and why the ancient Celts arranged the dolmen in this only geometry that could feed their blood and life force
- This introduces the blood survival symmetry knowledge of the ancient Dragon culture—(celt and Annunaki) which planted these dolmen—

and attracted the Black (Rigelian) Madonna story (day 3). Imagine the drama we feel while standing in Sauniere's home at the Rennes Mygdala tower—knowing now *why* the scroll he discovered was the ultimate blackmail document not just for the church, but all the royal families of Europe who had conspired to put the "Disposyni" out of power. We bring Gardner's Genesis of the Grail Kings—Annunaki origins of kingship—up to the present political drama.

- The Great Story of the Ancient Dragon Ancestry of the Holy Grail, including the Extra-Terrestrial History of Earth's DNA. MAG Dragon Queens, DUNE, Alpha Draconis, Reverent Mothers, Messiahs—we tell the full story in a day long drama.

The telling of this story is gripping, and always evokes more excitement than we can handle in one day. Whether Luke Skywalker, Annikin, is checking for Chloridians (Implosion) in the blood, or Montauk is checking for Boson Seven in DNA harmonics, or Tolkien is checking to see if the Finnish/Draconic alphabet has produced Lord of the Ring in your DNA, the message is the same. The dynamics of blood to receive charge in a fractal—The Holy Grail—determines if *you* become (toroidal DNA) Lord of the Ring.
